1923 – 2008

Celebrating 85 years of good reading

June 14, 2007

The Phillipsburg Free Public Library was delighted to host Jesse Rivera's evening of world cultural music on April 26, 2007. The program was educational as well as entertaining, and a perfect fit for a public library in a diverse community such as ours. Jesse's musicianship and rapport with the audience were first-rate. Our community room was filled to capacity, and we heard nothing but enthusiastic feedback from attendees – in fact, the most common question was, "When will Jesse be back?"

Any library that includes live music as part of its cultural programming would do well to include Jesse in their lineup.
